

ELLITE PADEL

BEST COURT
PROJECT
2024

ONLY FOR THE BEST & MOST
EXCLUSIVE PADEL CLUBS

ELLITE PADEL

Elite Padel is the best lighting systems exclusive designed for PADEL. We are not a supermarket or parking light. It is lineal lighting system with endless configurations: setting up, fixing, shapes, wattages, colour temperature, CRI, and all above all, can be managed with an APP.

The unic perimetral light with the perfect uniformity. Same amount of light all around the court. Incorporated anti-glare lens with very low power for each LED make Ellite Padel the perfect luminaire. No shadows, no hot spots. The best visual comfort for the players and for the staff.

IT IS THE BEST LIGHTING SYSTEM FOR THE MOST EXCLUSIVE CLUBS

From 50% to 80% energy saving compared to day to day installed low cost flood lights without lens. Self-consumption now is possible thanks to the high efficiency of our solutions.

THE MOST LUXURY & EXCLUSIVE IMAGE FOR THE CLUB

We are **1-5%** of the budget but **80%** of the success

Why choosing ELLITE PADEL

- ✓ EXCLUSIVE - ONLY FOR THE BEST CLUBS
- ✓ NO GLARE
- ✓ NO SHADOW
- ✓ UGR 66% UPON STANDARDS
- ✓ ENERGY SAVING BETWEEN 50-80%

ADVANTAGES

EFFICIENCY

Super high lumen/wat means more light with less consume. Less heat, long life span. Less bright, less shadows, less glared. UGR 8 to 20.

SAVING

50-80% energy saving compared to low cost flood lights without lens

560W 300lx GR16

INVESTMENT

The highest is the lumen/W the best is the ROI. Low cost flood lights are cheap to buy but expensives when working. The key point is the energy consumed in the next years and the life span of the leds. We have 100.000 hours.

SELF COMSUMPTION

From 1 to 3 solar panels (depending on your region) can make your padel court self-sufficient in power. Adding sensors or managed by the APP, we can improve the facilities. There are many open source solutions in the market.

Product **Certified ILIAC / ENAC / UL** - Made in Spain under ISO

ENAC - Entidad Nacional de Acreditación y Certificación - www.enac.

UL - Global Independent Safety Laboratories - www.ul.com
